ALLERGENS:

Allergen Statement: the presence or absence of allergens is defined according to the following rankings:

1. Present- naturally found or deliberately added to the food.
2. Substance may be present in trace amounts due to potential cross contamination as item is packed on the same production line*.
3. Not added or used in processes. Not kept in, or near production and packing areas.
4. Refined from a potential allergen but all protein removed during refining.
5. Substance is packed within the same production facility as the product, may be present in trace amounts due to potential cross contamination.

| Allergen Type | Rank | Comments/Controls |
|---|------|---|
| Added sulphites >10mg per kg | 3 | |
| Allergenic oils: peanut, soy, sesame, nut, fish. | 3 | |
| Bee products: royal jelly, bee pollen, propolis | 3 | |
| Cereals containing gluten and their products inc wheat, rye barley, oats, spelt & their hybridised strains | 1 | Contains wheat flour & wholemeal wheat flour |
